ALARM REGISTRATION IS REQUIRED FOR ALL ALARM SYSTEMS

Chapter 103 Section 9 of the Troy City Code requires that all alarm users in Troy register their alarm system with the City if the alarm system has an audible signal or is connected to a monitoring service. The alarm system must be registered within 14 days of activation. Registrations are valid for a period of one (1) year. Registrations shall be renewed annually and should be updated upon change of information or conditions.

Registration forms may be obtained by calling (248) 526-5119 or via e-mail to: alarms@troymi.gov. A \$25.00 registration fee is required at the time the registration form is filed. The commercial alarm user registration fee is \$25.00 for either a fire alarm or security alarm system, or \$50.00 for both.

ALARM REGISTRATION FORM

Please print and complete the attached alarm registration form. The same registration form may be used for either residential or commercial alarm systems. Residential alarm registrations may share one form for a combined security and fire alarm system and returned to the Troy Police Department.

Commercial fire alarm registrations must be returned to the Troy Fire Department, and you must include at least one emergency contact person who is able to respond to the alarm location within 30 minutes of being notified of an alarm activation at the premises. This person will only be contacted if a problem is found with the alarm system or the building.

After the registration form is completed, you may either mail it or deliver it to the Troy Fire Department, or the Troy Treasurer's office, Monday through Friday between 8:00 a.m. and 4:30 p.m. A check payable to the "City of Troy" in the amount of \$25.00 shall be remitted with the alarm registration form. If you choose to mail the registration, please send it to:

Treasurer's Office
